JUNIOR BANQUET

"CELEBRATING BECOMING A SENIOR"

On a foggy, but balmy Thursday, the evening of May 22, 1986, Whites on the Watuppa was the scene for the Class of 1987 to join together and celebrate becoming seniors. The night kicked off as Chris Costa, the President of the Class of '86, handed the Senior class Whale to Robert Long, our Junior Class President.

After a meal of Southern Fried Chicken we started the celebrating. We danced to the music of DJ-WJJN until our feet needed a rest. Time for some entertainment! Angela Paquin gave us her version of Whitney Houston's "The Greatest Love of All;" The Chipmunks (Ryan Araujo, Tom Gajewski, Mike Gracia, and Frank Rothwell) sang "Surfin USA;" The Monster Crew entertained us by dancing to "The Monster Mash;" Debbie James and Karen Gomes danced to Janet Jackson's "Nasty;" and finally Kevin Antunes, Sean Nelson, Mark Gauthier, and Matt Ryckebusch celebrated by playing and singing with their own band. After this fun break we returned to dancing to close out the night.

Senior Banquet 1987

Showing that the class of 1987 isn't afraid to try new things, the Senior Banquet was held on Sunday, October 12, 1986. Breaking with the tradition of spring banquets, the move from May to October kicked off a great year.

The festivities began at White's when the class enjoyed a meal of Boneless Breast of Chicken. Dancing followed to the music of DJ-WJJN.

To show our spirit and enthusiasm, the class initiated a new idea — "Spirit Awards." The first award was given to the house with the most students present at the banquet: the Blue House won! The second award was given to the homeroom with the best banquet attendance: room 2-209 won that award!

The night ended as a remembrance to the class of '87 that the class spirit was alive — even in October!

Leading the Class in Style

The steering committee and the class officers were responsible in making sure that the various activities and events held throughout the year were successful.

The officers and the steering committee are the heart of the senior class. They motivate their class to become one of the best classes to graduate from New Bedford High School. The officers started a successful year by having the Senior Banquet in October and went on to make the rest of the year for the Class of 1987 special and memorable.

The steering committee of representatives from each senior homeroom are hard at work from September to June. They are the connection between the Dean and the senior class for dues, banquets, yearbooks, cap and gowns, prom, etc. The steering committee and the officers led the class in style throughout the year to make the year a sensational one.

New Experiences in a New Land for our "Visiting Seniors"

Osmane's year was filled with many surprises. He found it difficult to adjust at first to the environment. **"The difference between the way of life here and my country (Brazil) is not that big. The biggest difference; however, is the weather. It is really cold here, but it is nice and warm in my country."** He also feels that the people of America are too conservative, citing the fact that in Brazil teachers are called by their first names.

When asked what he likes best about America, he picked out skiing and girls! Osmane also stated that he likes the club activities after school. In Brazil after-school activities are non-existent. Another major difference is the absence of a drinking age in Brazil which allows him to go to the pubs to sit and talk to his friends. When asked what he will do after NBHS, he expressed an interest in going into public relations work.

Lydia found it a little difficult to adjust to NBHS, but since she knew how to speak some English, it helped her to speak to Americans. When asked about her school in Spain compared to NBHS, she replied, **"There are no different levels, and everyone takes the same courses. Chemistry, philosophy and Spanish are all mandatory courses. If someone does not pass any of these courses, they must repeat it."**

She didn't find it too difficult to make new friends here, but she misses her friends in Spain. At home she goes to parties and cafes for fun with her good friends. She said she truly loved the experience of being a foreign exchange student for a year, but is also anxious to get back to her family and friends. She hopes to attend college after leaving NBHS and to major in languages.

Hanke feels that life in America compared to life in the Netherlands is fast-paced, and the people are always in a hurry to get somewhere. She says, **"Here, you need a car to go anywhere, but back home, everyone uses bicycles because everything is so close to one another.** She found it no problem to make friends and says that people are friendly and helpful. Hanke had no difficulty adjusting, and speaking English came easily except for a few words which were a problem.

She commented on the fact that in the Netherlands, the schools do not have different levels in the same school, but rather have different schools for different levels. At home she goes to clubs, parties and plays sports for fun. She misses her brother most of all, but she enjoyed making new friends here. She plans to return home and either attend college or travel to France for one year. She further stated that she would like to return to America some time in the future since she enjoyed it so much.

IN MEMORY OF
MICHELLE FRADE

During our senior year, Michelle Frade passed away in a Boston hospital. Michelle was a quiet girl who had enjoyed herself while listening to music, watching television or playing golf. She was a warm and sensitive young lady to those close to her, and her death leaves a deep void for her family and friends.

Early, bright, transient
Chaste as morning dew
She sparkled, was exhaled,
And went to heaven.

A View of Life in '87

Appropriately our senior summer started with the largest celebration in years, Lady Liberty's 100th Birthday Bash. We continued our party throughout the summer — at the beaches, the parks, the Mills and anywhere we went. But soon, those summer days were gone.

Not everything in the world was meant to celebrate, especially going back to school; but the world had bigger problems — terrorism, hunger, poverty, disaster. Drug deaths increased — even a future superstar was a victim. The AIDS fear grew. Drunk driving laws became tougher.

The biggest new story of the year was the Iranian Scam. Money, arms, hostages, and the Contras were involved, in addition to North, Poindexter & McFarland. The administration was shaken up.

But we continually bounced back, just as the Red Sox did. For the first time in twelve years, they captured the American League Crown. The Patriots became AFC East champs, and the Celtics were great as usual. The big sports story was the America's Cup — for the first time held outside America.

We watched celebrities rise and fall. Tom Cruise and Kelly McGillis dazzled us in one of the top movies of the year, **Top Gun.** Ferris Bueller showed us the right way to take a day off. And we were touched by the ideals of friendship and innocence in **Stand By Me.**

We laughed, we cried, we wondered, we loved, we hated. We shared our lives. We prepared ourselves to move onward. And we celebrated our new beginnings.

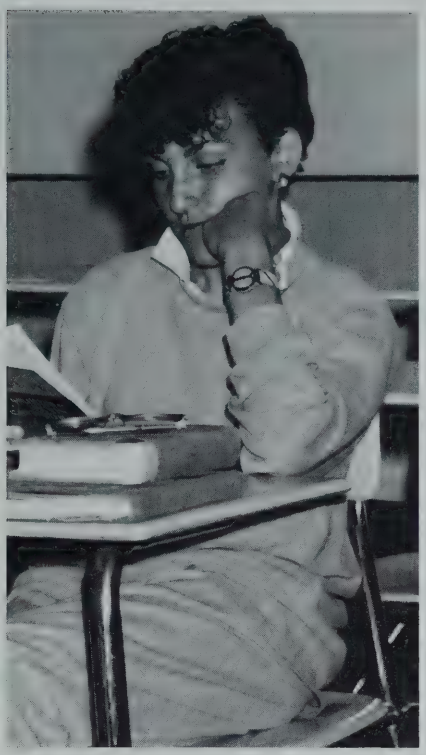
Announcements You'd Love to Hear . . .

(But never will!)



The fake ID card lab will be opened from 8 - 2 today.

Seniors will not report to school on Fridays through the months of April and May.

Today's menu will consist of filet mignon, baked potato, salad and chocolate mousse.

All term papers will be cancelled for seniors this year.

We are pleased to announce that the Tan House has won the best attendance award this month AGAIN!

As of Thursday we now have 250 tutors . . . we are now in search of people to drop their grades to accommodate them. You can turn that A to a B, B to a C . . .

If you see someone suspicious and unknown in the corridor, show some pride in your school — escort them to your next class.

Today's National Anthem will be sung by Led Zepplin and the quote for this morning is "Girls just wanna have fun!"

Flowers will be sold during all lunchshifts today and tomorrow: With thorns . . . $1.00; Without thorns . . . $2.00

Senior homerooms will be extended 30 minutes for students to complete homework assignments!

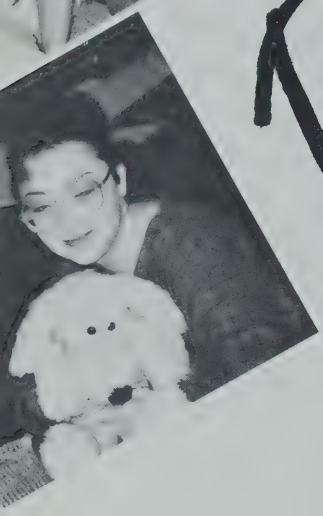
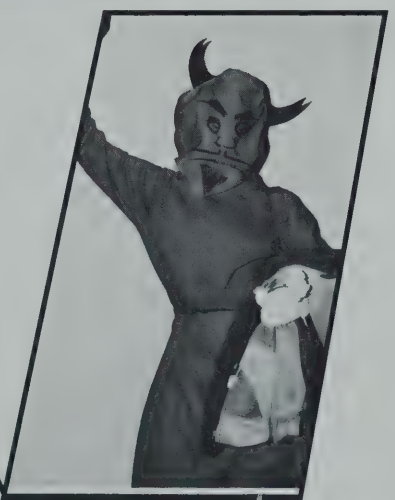
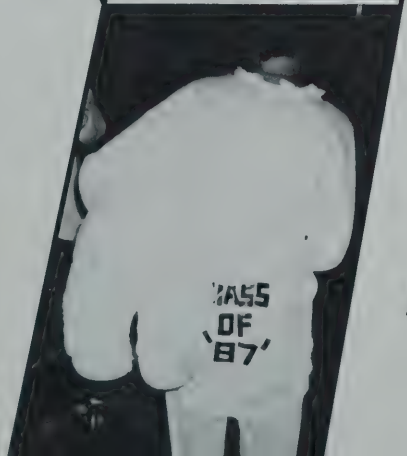
PIRIT



One of the biggest events at NBHS is Spirit Week. During this time we shared laughs, fun times and many hours preparing for the traditional Thanksgiving Day Game against arch-rival Durfee. Dress-up days are an important feature of this festive time!

This year's Dress-up Days included Toga Day, Pajama Day, All-sports Day, Hawaiian Day, and Masquerade Day. Pictured on this page are samples of some original thinking!





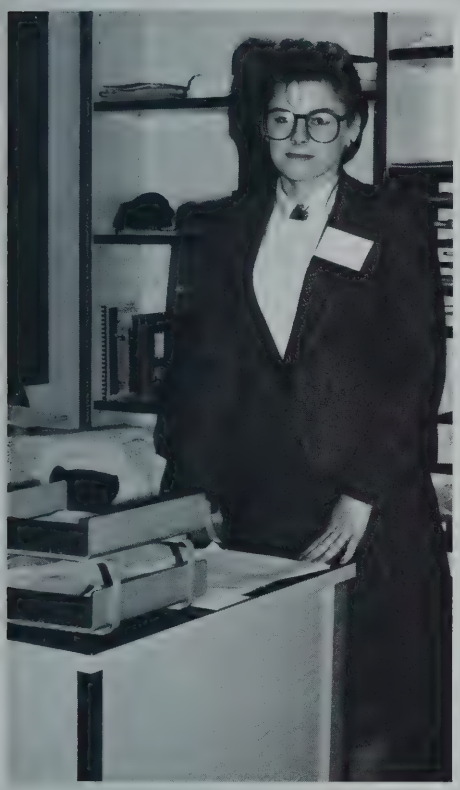
WEEK

JOIN THE
GREAT
AMERICA
SMOKEO

The Real "Dress-up Day" . . .

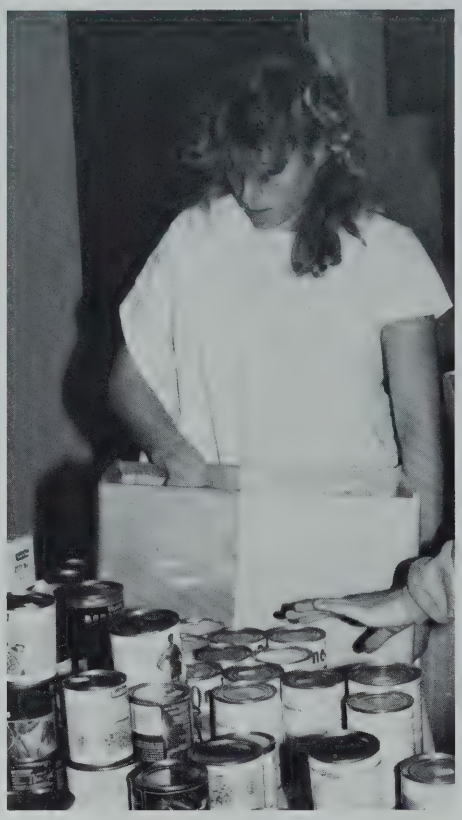
Helping to kick off Spirit Week activities was the Honor Society's Student Leadership Day. During this full day experience, members of the NHS took over the running of the building from the headmaster to the head custodian. Students were expected to fill in for their matching counterparts, chosen at an earlier meeting; and they were also expected to fulfill tasks assigned to them for the day.

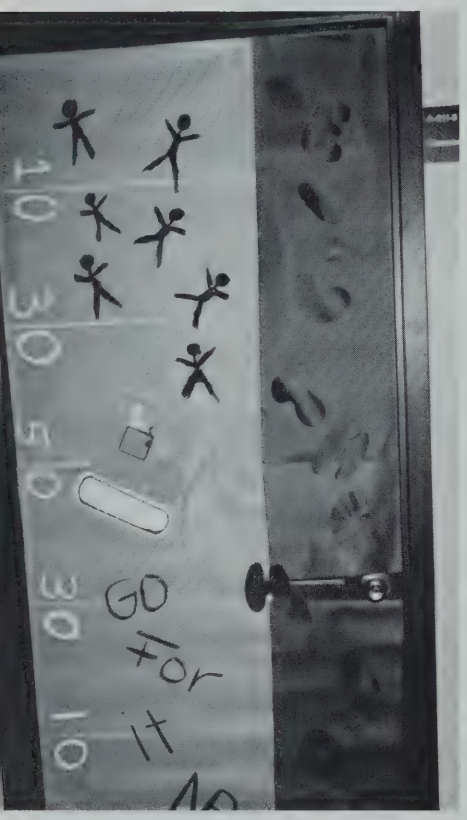
After a morning meeting with Headmaster, Mr. Calnan, the students were on their own to experience life on the other side of the desk. By the end of the day many students had different attitudes towards positions they had considered "a breeze" earlier. In addition to some funny experiences the "student staff" also got lunch in the Whaler's Rest! It turned out to be a fun and educational experience rolled into one day.



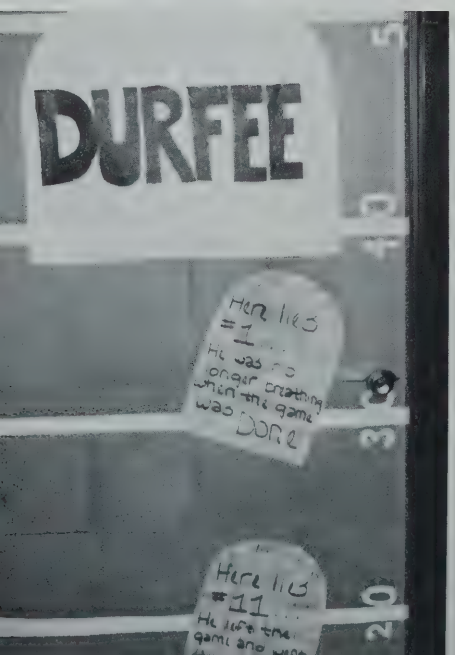
Shown on this page are (extreme top) HS members being briefed by Mr. Calnan (top left) Tracy Coleman takes over for Mr. Saltzman (top middle) Maria da Costa with counterpart Mr. Souza (top right) Ana Gonsalves, Alda Moura and Gina Costa anxious to start the day (left) Mrs. Tougas and Lisa Medeiros in the English RC (bottom left) Jerry Wheeler in Food Services (bottom middle) Jeff Brenneke as Col. Napoli and finally (bottom right) Karen Almeida, alias Mr. Rose, checking on Mr. Anthony.

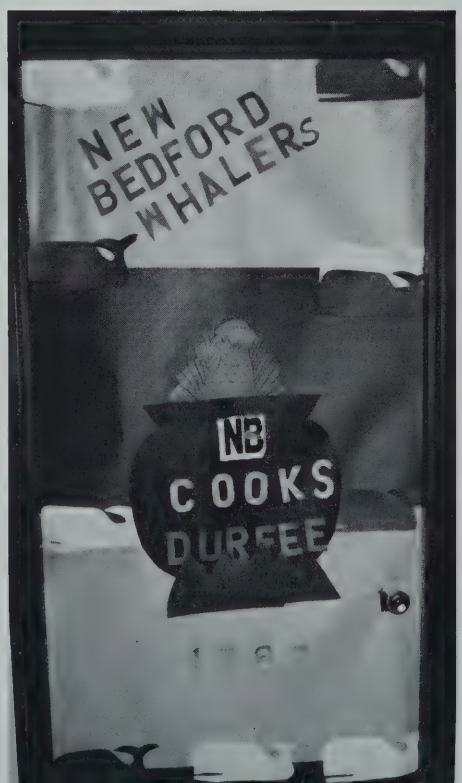
SCHOOL SPIRIT





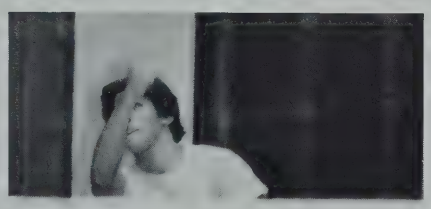
The annual door contest was a huge success with over 25 rooms participating. Shown are samples of entries bordering these pages, including the 1st place winner by the Freshmen Class. The Student Congress also got heavily involved as shown (above and right) through the food drives for the needy and the flower sales held throughout Spirit Week.

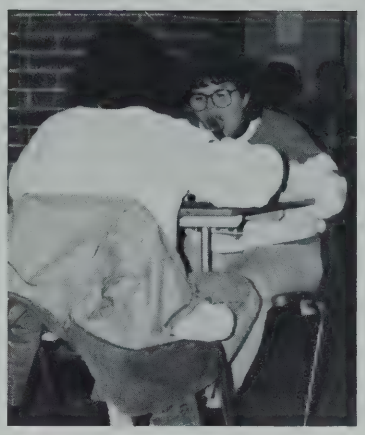


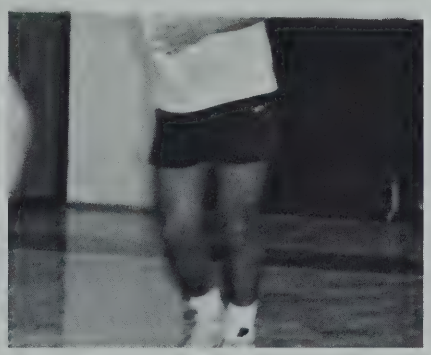


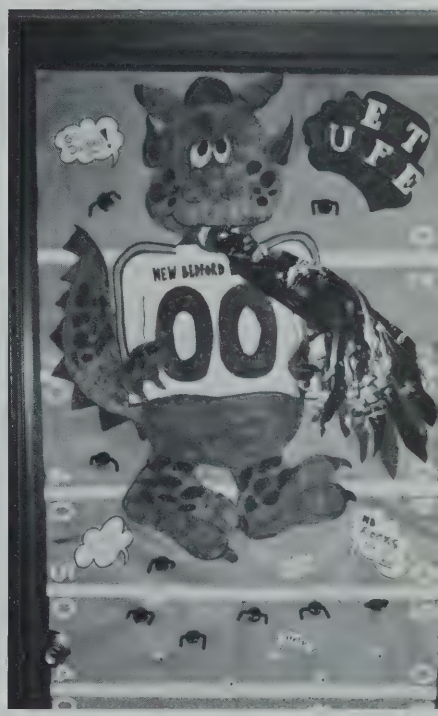
OVERFLOWS . . .

Through the building —

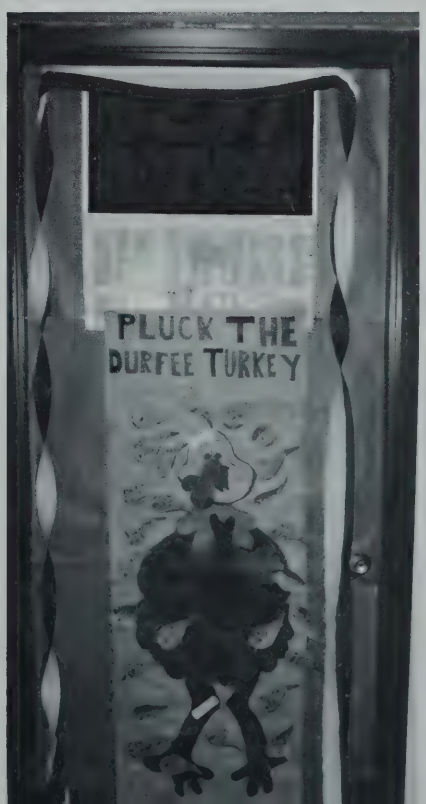




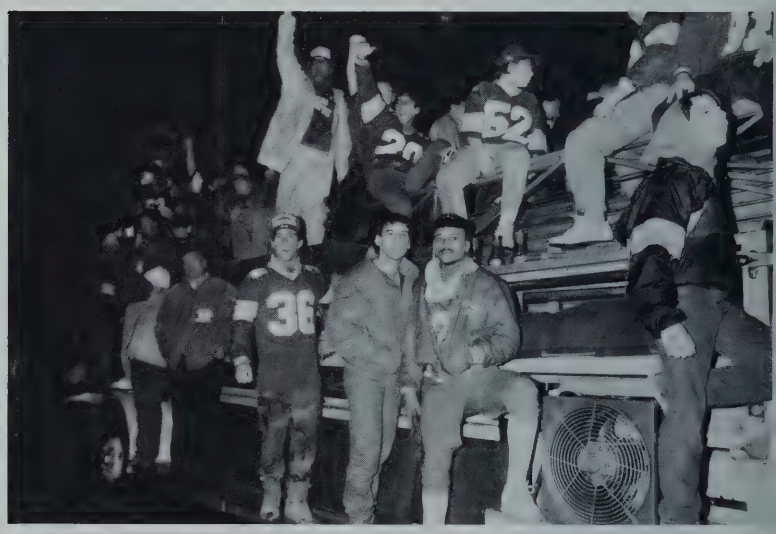




(Top left) class of '87 stands out in the crowd at the morning rally (Left) the student-staff volleyball game again brought a great deal of fun and excitement (above & left) the students, staff, and community enjoyed the pancake breakfast sponsored by the ROTC.



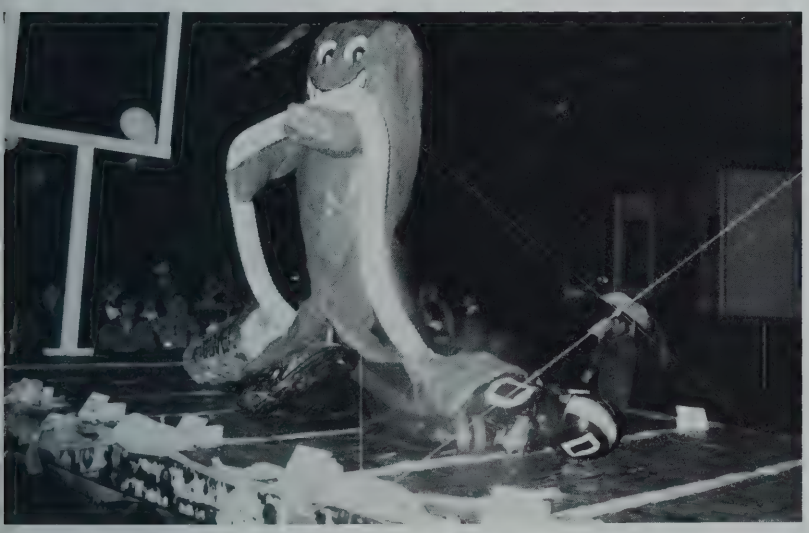
SPILLING TO

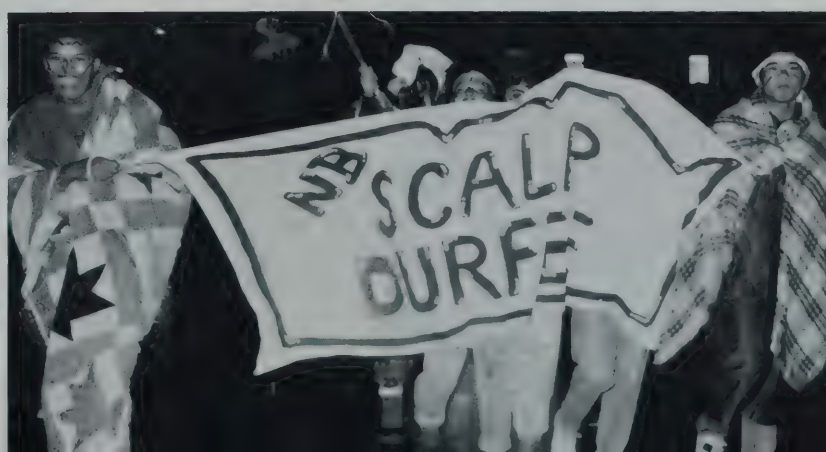


(Extreme top) Fun moments from the morning rally including the costume contest (above and above right) members of the football team show pre-game spirit aboard the fire truck carrying them during the pre-Thanksgiving Day parade (far right) A winning entry in the car/float contest from the band and (right) smiling band members braving the cold to adorn the Whaleman Statue.

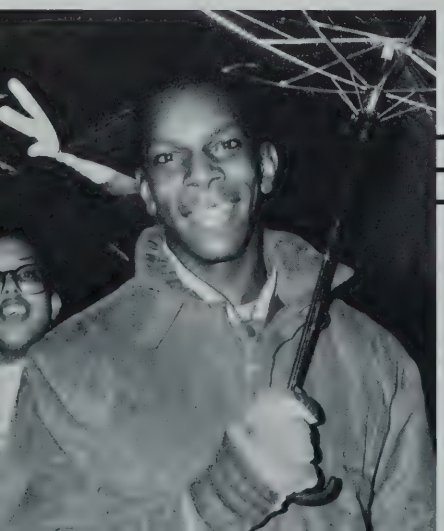
THE STREETS . . .

(above) The Class of '87 is "buzzing" with happiness as winners of the Mayor's Trophy, (left & below) the freshmen class"swept the Headmaster's Trophy for the most original float while (bottom left) the sophomore class "cooked up" a winner in taking the Dean's Trophy and the juniors (bottom right) won an honorable mention.

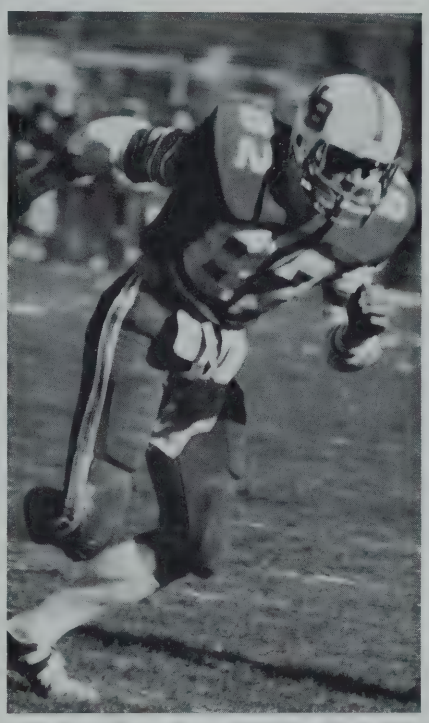


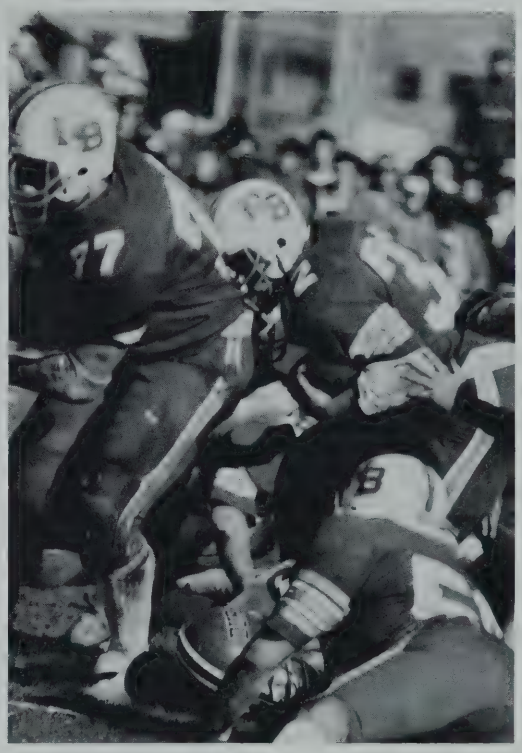


In spite of the torrents of rain that poured down on the participants and activities of the pre-Thanksgiving Day parade and bonfire, the spirit shone through. After many attempts the firemen were able to get a great blaze going,to the delight of the fans who fought off the raindrops with umbrellas and warm smiles. No one will forget the hundreds who refused to let the rain spoil their traditional rally/bonfire at Buttonwood Park to ready themselves for arch-rival Durfee the next day.



AND CONTINUING TO THE PLAYING FIELD!

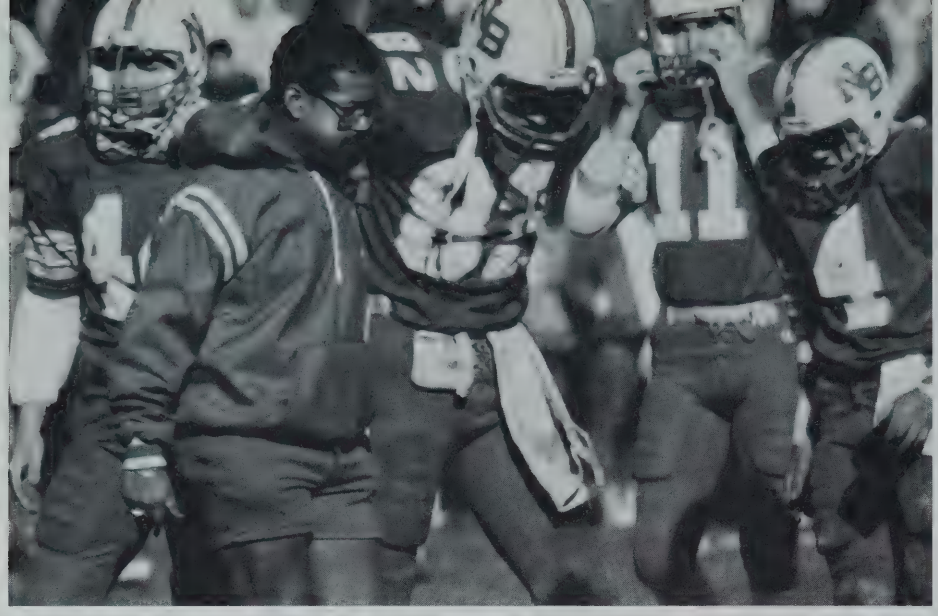




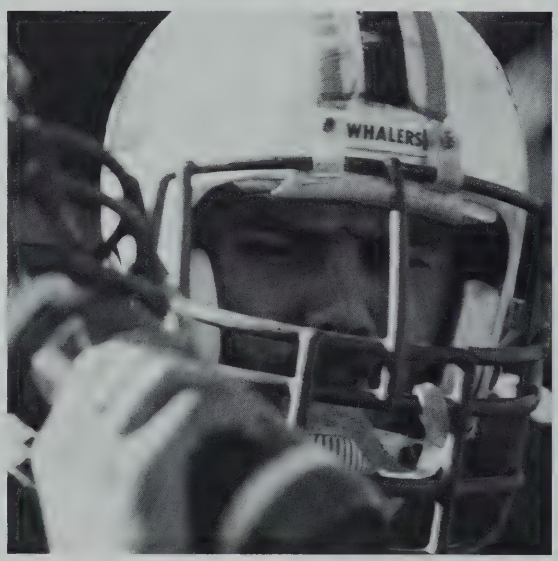
NBH 7-7 Durfee

In their annual Thanksgiving Day football clash the New Bedford Whalers and Durfee Hilltoppers battled to a 7-7 stand-off. Although it was an up and down game for the Whalers, they almost pulled the game out in the waning moments, but an injury to a key player virtually spoiled their last minute desperation attempt.

Durfee owned the 1st half as they took a 7-0 lead on a quarterback sneak by Chris Resendes. Although they threatened for more, they were shut down the rest of the way by the Whaler defense. New Bedford showed that they were ready to play football at the outset of the 3rd period as they marched up the field against the Durfee defense on their first possession. The drive culminated when quarterback Mike Stott hit Bob Mourao with a touchdown to tie the game.



After that play, Mourao came up limping, Badly! Mourao's injury seriously affected New Bedford's chances down the stretch as their final drive fell short by inches. However the Whalers had shown courage and pride by battling back from a 7 point deficit against a tough Durfee team.



Good Luck

The Celebrating Started Here . . .

The **Crimson Log** is a product of all the dedication and the time it took for a staff of approximately thirty members to create. From the first second that the staff was created, decisions were made concerning the yearbook. The task of deciding the theme was placed on the shoulders of the editor-in-chief!

There were many deadlines to be met, endless layouts to be created and designed, copy to be written and rewritten, and finally, proofreading to be done. It was our intention to make a yearbook that would help you to "re-celebrate" the many memories shared at NBHS when you look at its contents years from now.

I would like to express my deepest thanks to our advisor, Ms. Beverly A. Bizzarro whose undying guidance and hard work made this yearbook a reality for the Class of '87. Secondly, I would like to thank Mr. Dick Swiech of Hunter Publishing Company, the photographers of Dodge-Murphy Studio, Ms. Dorothy Dean and other faculty members who gave us support and help in meeting each deadline.

Finally, to the 1987 Crimson Log Staff — THANKS! Due to your work and dedication, we finally did it!

LEADERS SET THE PACE

Two of the most important student groups at NBHS are Student Advisory Committee and Club Presidents. Each of these plays an important role in the NBHS community. SAC strives to keep the lines of communication between the students and administrators open and trouble free. SAC consists of 5 members elected by their peers. It is their function to approach the administration on specific policy changes. SAC also organized and coordinated the successful Student Tutorial Center. This important program has saved many would-be failures and created many success stories.

On the other hand, Club Presidents play a significant role in the social aspect of the school. They are responsible for keeping up the popularity of their individual clubs by invoking interest and school spirit within the entire student body. They, along with their members, try to keep up a constant activities calender.

Steering Committees Link Dean's Office to Homerooms

Steering Committee members serve as a link between the Dean's Office and the student body. With such a large school, it is impossible to keep everyone notified of upcoming events and personal responsibilities without a great deal of help. It is in this capacity that the steering committees serve their greatest function. All in all they are kept quite busy!

Linking the Clubs

The Inter-club Council is made up of the vice-presidents of the school's various clubs and organizations, and it is the group which attempts to tie together the various groups to the Dean's office. This year as in the past, the group sponsored a dress-up day during Spirit Week. The choice was overwhelming for Hawaiian Day. Throughout the year the group coordinated the school dances which carried a different theme for each one.

(Top left) The Student Congress was ably led by officers Stephanie Lawrence (Secretary), Chris Reed (Vice-president) and Iva Chereta (President). (Above) Among those most actively involved were the seniors! (Bottom) Other members of Student Congress along with shots of flower sales during Spirit Week.

A Little "D. C." in N.B.!

The Student Congress, the school's largest student governing organization, continued its reputation of excellence, both in and out of school with its constant flow of activities. The SC sponsored flower sales enjoyed record success, while their food drives at Thanksgiving and Christmas brought holiday cheer to many. They handled school elections wisely, held voter registration and were responsible for bringing in noted speakers.

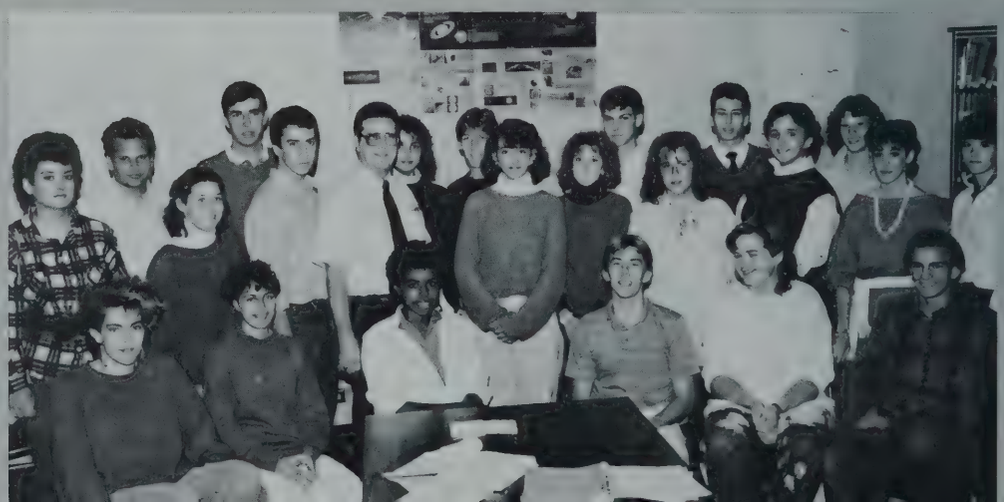
Seeking Some Adventure

The Great Outdoors Club has one of the largest membership at NBHS. The general purpose of the group is to carry the educational picture from the classroom to the outdoors and to let "Mother Nature" become the teacher. Events include mountain climbing in New Hampshire, canoeing trips, bicycling excursions on Martha's Vineyard, etc. To help defray costs of these adventures, club members sell products during the year with the hopes of reducing their expenses through commissions. Great memories are created by these trips for both the members and their adviser, Mr. David Pepin.

(Top) Taking a break, the girls relax at one of the stops along the way (Right) Club members begin the long mountain climb during a trip to New Hampshire.

The World of Natural Science

This year's membership of the Natural Science Club is made up primarily of students who have been together in this club for four years. This closeness helped things to run smoothly as the club organized and ran their annual faculty-student volleyball game during Spirit Week and sold poinsettias at the annual Christmas Bazaar. The club owes a great deal of its success to its adviser, Mr. John Strittmatter.



Always on the Move

The Minority Awareness Club is a group that stays extremely active throughout the year thanks to a dynamic adviser named Ms. Rhonda Purcell.

This year effort was given to acquainting NBHS students with minority clubs at the local colleges such as BCC and SMU. The club is open to all with the emphasis being given to showering the minority student with information and opportunities to grow socially and academically.

(Left) Ms. Purcell discusses the agenda with club officers (L-R) Joe Varela (vice-president), Daryl Lopes (president), Erleen Duarte (treasurer) and Nicole Martin (secretary). Above: The club sponsored an African dance troupe during Black History month and everyone got into the act!

Having a Common Language

Once again the three language clubs have catered to preferences shown by students having an interest in foreign languages. The Spanish-American Club offered students a chance to meet as a group socially and to be involved with the door decorating contest during Spirit Week and a sales booth during the Christmas Bazaar. The International Club offered students of primarily Portuguese speaking background a chance to band together for trips and fund-raising activities. The Foreign Language Club was often a blend of members from the two previously mentioned groups, along with students interested in additional languages and cultures. One of the highlights of the year was the trip to Canada during spring break.

Both the National Honor Society and the Students Against Driving Drunk work to make improvements within the school and community. Whether it's helping during Spirit Week, sponsoring auditorium programs or aiding in community projects, these groups achieve success.

Reporting the News in Print and Picture

The groups shown here are all talented individuals of our school. The Photo Club, under the direction of Ms. Nancy Johnston, contributed their many talented photography skills and worked long hours taking a tremendous number of pictures to benefit the *Crimson Courier*

Mrs. Irene Gutierrez advises the school newspaper known as the *Crimson Courier* where students write articles concerning important activities at NBHS for the student body. In addition to the newspaper, many of the same students publish the *Alpha* magazine which sponsors literary contests in the writing of poems, short stories and essays. The contest also includes artistic drawings and photography.

These entries are judged by staff members: and later, cash prizes are given to the winners. All entries are then published in the annual *Alpha* magazine.

The TV Studio, under the supervision of Ms. Marland, gives a weekly presentation, "School Scan," showing many events which occur in our school throughout the year. Interviews and music are some of the regular features focused on with special events. These programs are later aired on the local cable channel for the community at large to view.

Offering Services to NBHS . . .

Among the many groups at NBHS who function in many capacities are the Usher Corps, the Future Homemakers of America and the Student Exchange Club. The Usher Corps serves as ushers for a variety of activities including the Drama Club productions, concerts, special assembles, etc. The FHA represent home economic students nationwide. They help develop skills for a lifetime and give members an opportunity to be involved in group planning.

In addition to being in FHA, many of the members are also involved in the Child Care program at the high school and gain experience first hand in dealing with young children.

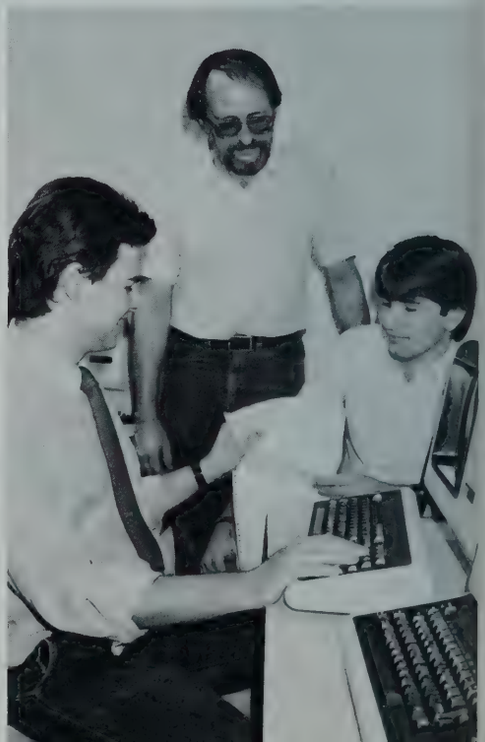
The Game of Concentration

Once again Mr. George Biscari plays an active role in coaching students for the game of chess and the sport of bowling. These clubs provide both brain work and the spirit of competition. Students may participate in a quiet, high concentration game of chess; or they may want to be involved in the active competitive sport of bowling. Whatever the reason they're sure to have great fun with Mr. Biscari in the head seat!

Computing in Today's World

The world of computers is growing more and more complex each day, along with the increasing need to know all about them. In this club, the members investigate the use of popular programming packages for use by the other school organizations to computerize their records. The club also gives its members extra time on the microcomputers to explore for themselves. Many aspects of life are turning to computers and the students in their spare time can begin to prepare for it.

A group of Computer Club members who put in extra time at the terminals enjoy themselves as much as (below) Stacy and David at a game of chess.



Pictured are some of the DE members who also work in the non-profit bookstore shown here. Duties vary from arranging the products in an appealing display to running the cash registar to relaxing a little.

Business at Its Best!

Distributive Education is a club geared for the student who is interested in a business career. These students participate in more than club activities; they are actually involved in outside employment where they prepare themselves for the business world. Members also run the non-profit bookstore which gives members a chance to learn different selling techniques and a chance to further their salesmanship skills.

Future in the Works . . .

Jobs for Bay State Graduates is a fairly new program which was started for seniors who choose to seek employment immediately after graduation. The purpose for JBSG is to provide students with leadership development, career awareness and social and civic preparation. It gives them a head start and gets them involved in job placement services. The program also teaches them proper interview behavior and truly sets them out on the right foot!

RESOURCE CENTER AIDES

GUIDANCE AIDES

Since New Bedford High is such a large school with many special jobs required, many students give up their study halls to become office aides. These aides do many helpful jobs such as running errands, answering the phones, delivering messages, filing schedules and records, moving equipment, etc. Thanks to the helpfulness of these aides, many of the menial tasks are handled and almost everyone gets to go home at 2:15 with little remaining behind for the next day!

On a Good Note

Here at NBHS there are many spirited and dedicated students who find time to make up our four choruses. The four choruses are the Concert Chorale, the Show Choir, TBB & SSA, and the Selected SSA. These choruses do shows, perform at junior high presentations and perform at special events such as the city's Bicentennial. They also performed at the Christmas Concert, pictured on these pages, and received great revues as always!

A New Look for the Band!

The band had a whole "new look" this year — from new uniforms to a totally unique concept for the show. The music was from the smash Broadway musical "A Chorus Line" and the newly-formed dance line added the extra touch to make the show spectacular. Although the band missed out on their fifth consecutive New England Championship by a mere five-tenths of a point, band members found satisfaction in knowing they performed the best show on the field. In addition to the competitions the band was seen (and heard) at football games, parades and rallies. The marching band was also transformed to a concert band and performed both in and out of school. Both the concert and marching bands travelled to Ocean City, Maryland in April and May to compete on the national level. All in all, the year was a great success and was very rewarding to everyone involved.

A Multi-colored Tapestry of Talent and Pizzazz!

Amid a whirl of blazing colors, the NBHS Flag Unit continued its reputation for excellence, taking top honors in the NESBA competition. With great precision and dedication, its talented members gave us a nearly perfect season. A new dimension has been added this year in the formation of a winter colorguard which will be competing indoors. With a record of only one loss, we can expect continued success as we recognize our flag unit as one with spirit and pride.

Along with this new unit is a new element of the NBHS band, in the form of a "Dance Line." A combination of members of the Flag Unit, Cheerleading Squad, Majorettes and other talented students were offered the opportunity to provide the spark to illuminate band competitions. During the winter months, they added a touch of class to the indoor competitions as well. They displayed style and energy to the football game in their annual battle against Durfee. Their hard work and dedication have resulted in a professional group of which we can all be proud.

Majorettes — Allies to the Band

The NBHS Majorettes have provided spirit to our school throughout the year. During football and basketball games and competitions, they have demonstrated a sense of team work which has been the key to their success. A touch of humor was added when they performed in costume at our pre-Thanksgiving Day rally. Their energy continued into winter as they entertained during the half-times at the basketball games. Discipline and skill have contributed to their overall record of excellence and we appreciate their very important role.

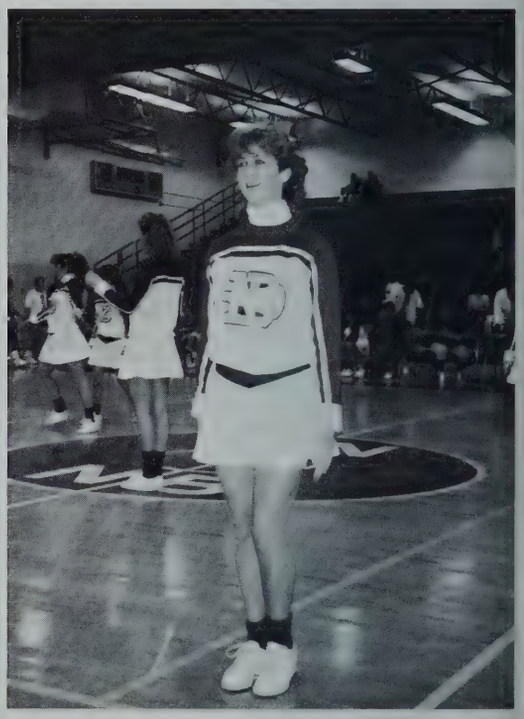
Cheering with Spirit and Pride

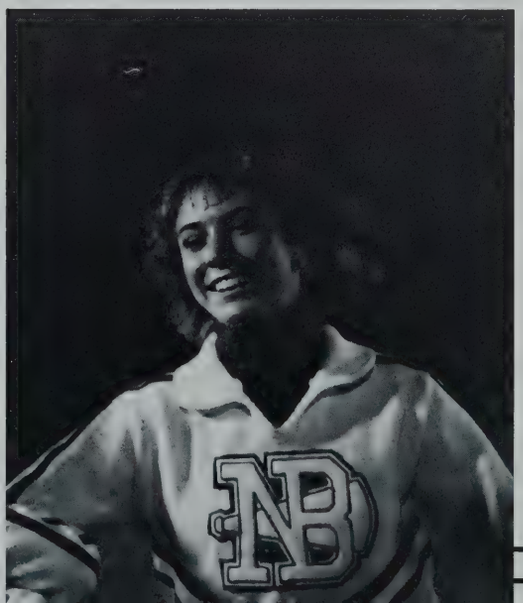
Being a cheerleader is a job that requires hard work, time, discipline and dedication. However, the advantages and the enjoyment make it well worth the effort!

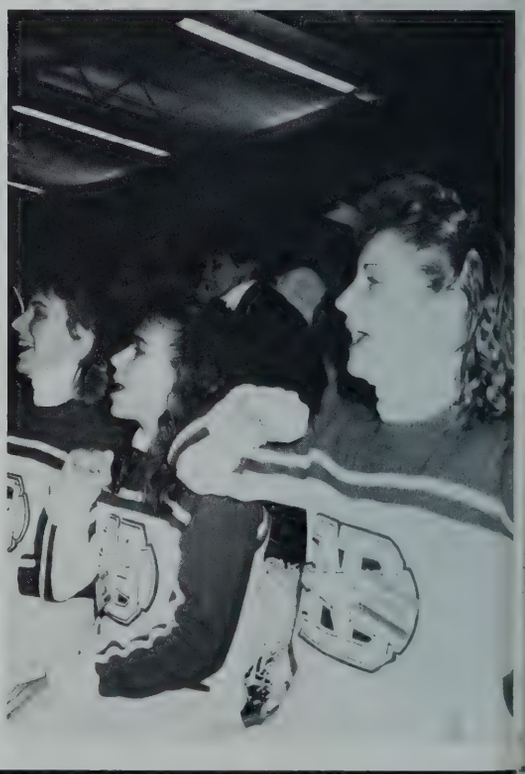
Cheering for this year's teams was especially rewarding, since there were so many great games and tournaments. In addition to the games were the rallies, the Spirit Week parade and bonfire; and of course, those special times cheering against arch-rival Durfee.

Looking back years from now, the tired and aching muscles, the rain-drenched hair and the frozen fingers and toes will be forgotten; and in their place will be the warm memories of the excitement, the nervousness, the laughter and most of all, the friendships.



Whether it's a night football game against Dartmouth or Stang (pictured above, left & below) or a close-scoring basketball game against Barnstable (shown top right & bottom right) the excitement and enthusiasm is always high.





JROTC: A Dedication to Excellence

In past years, the performance of the JROTC at various competitions has been outstanding, and this year was no different. By placing first in several competitions, they lived up to the expectations many had because they are the oldest chapter of JROTC in the country. They attended competitions at Bedford (Dec. 13th), Newport Rogers High (Jan. 10th), Springfield (Feb. 7th) and Billerica (March 7th). Public appearances also included the Veterans' and Memorial Day Parades.

During Spirit Week, JROTC had their annual Turkey Shoot which proved to be more successful this year than other years. A free turkey was given away each day during the contest which ran for over two weeks and allowed amateur marksmen to try their luck at numbered targets. For the second time, they also held a pancake breakfast which was a tremendous success and garnered for them a great profit — and reputation for cooking!

The students involved in JROTC improve their futures and are proud to be improving America's future also.

Preparing for the Big Show ——

One of New Bedford High's largest organizations, the Drama Club, puts much preparation into the final masterpiece. The club puts on two productions; one in the fall, usually a comedy or drama, and one in the spring, a musical. It involves many groups such as make-up people, set people, costume people, a lighting crew; and last but not least, the actors themselves. Every individual has an important part whether it be back stage or on stage; neither takes a higher rank. Many former members have gone on to a career in television, theatre or radio.

The NBHS Drama Club has many awards accredited to it. These include a seven time winner of the Academy of Regional Theatre Award for "Best Musical", and also a recipient for commendations from the State House, Mayor's Office and City Council throughout the years for many of its spectacular performances.

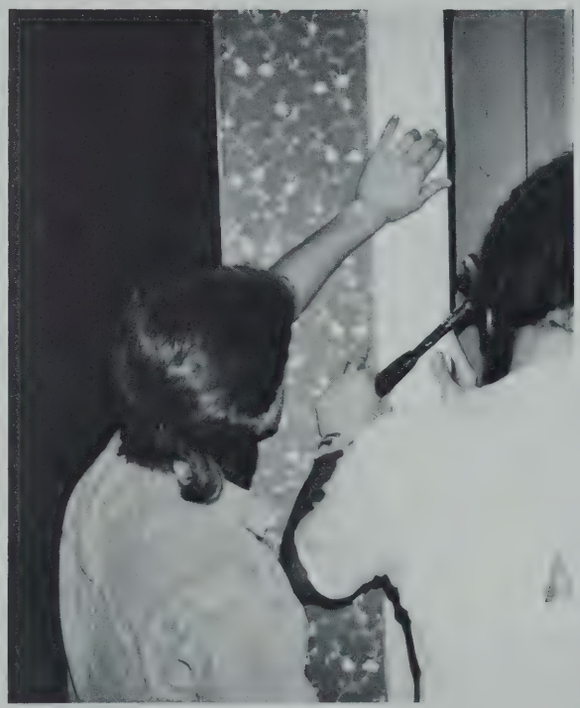
The work being done backstage is as equally important as that being done onstage. Shown on this page are the many backstage aspects that go into making a fine production.



"YOU CAN'T TAKE IT WITH YOU"

This zany comedy performed by the NBHS Drama Club was a huge success in the fall. The show, under the direction of Mr. George Charbonneau and Mr. Armand Marchand, revolved around a family whose members were truly unique. Each member's special hobby is supported by the whole family, no matter how crazy! The only "sane" member of the family is Alice, played by Dierdre Finnerty. This sets the scene for Tony, Alice's high society boyfriend played by Rob Meunier, to introduce his family to these unusual people. Unfortunately, he brings them on the wrong night!

After a series of hilarious accidents and interruptions, the play ends with the special relationship of Alice and Tony being cemented. Senior John Costa gave an outstanding performance as Grandpa, the glue holding the family together; Cheryl Lamb was a truly believable Mrs. Sycamore; Angela Paquin as Olga Katrina and Corey DeMello as Kolenkov were superb foreigners, and Nick Cruz brought laughter as Donald. Congratulations to all the fine actors for a job well done once again!

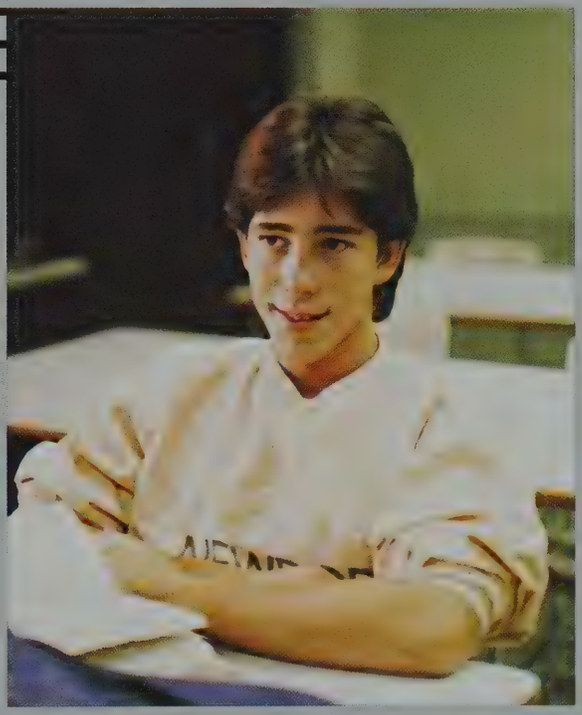
The seasons have quickly passed...

...some were met with smiles

others with a touch of sadness

but all treasured

These years were tied together with the spirit and enthusiasm



of the Class of 1987

We made the trip from being helpless freshmen...

to becoming almighty seniors by finding friends first...

We learned to trust each other as we searched to understand one another

by sharing heartaches, joys and good times.

Together we yearned for that day when we would proudly wear the caps and gowns...

...to our most cherished celebration

We were eager for that moment when the tassel would be moved...

To signal to the world that we had indeed arrived!

We celebrated together the beginnings and triumphs of the class of 1987.

The time arrived all too soon,
to go forward separately
to new beginnings...

but... we know we will
come together again
as old friends

to celebrate!

Whalers Successful Again!

Once again the collegiate style offense was back at NBHS under the direction of Coach Joseph Wirth. Again the Whalers had an excellent season using it and the talented Whaler team. With a young but outstanding quarterback in sophomore Mike Stott, the Whalers posted a surprising winning record. The Whalers running game suffered a mild setback early in the season when senior Scott Hutchens went down with an injury. However, senior Derrick Seeley filled in nicely for his hurt teammate. These two backs ran behind a powerful line led by seniors Dusty Cormier, Scott Hurteau, Jeff Breault and junior Joe Gomes. The Whalers most potent weapon was their passing game. With quality receivers like T.J. Oliver and Bob Mourao, the Whalers were able to put some points on the scoreboard quickly.

The Whaler defense could be characterized as the type that would bend but never break. Most of the defense was made up of underclassmen, such as linebacker Tim DesLauriers. Coach Wirth keeps proving that he's got what it takes to make a championship team. In the future his teams will continue to improve, but the memories of 1987 will stay with us forever.

GIRLS SOCCER

Spirit, Pride and Determination Make a Debut!

This year for the first time, New Bedford High instituted a girls' soccer team. Starting out with a varsity schedule, the girls demonstrated great determination against some of the toughest teams in the state. The newly-formed team consisted of four seniors; captains Sue Cardoso and Ana Goncalves, and Celia Cajuda and Clarisse Oliveira along with the remaining members of juniors and sophomores. Their hard work paid off as the season was fairly successful for an inexperienced group playing together for the first time.

In the first game against Dartmouth, another first year team, the NBHS girls dominated in a 5-1 win. However, their second game against Dartmouth proved to be more of a challenge as both teams had gained some experience on the field in varsity play. With determination, Kathy Silva scored a goal in the late minutes of the game to give the team a 1-0 win.

Next year the team will belong to a league which will include schools such as Dartmouth, Stang, Durfee and Falmouth. Thanks goes to Coach Parker and goalie Donna Hendriques whose spirits kept the team strong whatever the score!

Another Trip to the Tournament!

Once again the Whaler soccer team has proven their excellence in another successful season. This year's team consisted mainly of juniors and sophomores who demonstrated both dedication and maturity on the field. Captains Adonis Ferreira and Charlie Almeida with seniors Jorge Lopes, Mario Dias, Greg Motta, Simon Felix, Jimmy Ferreira and goalie Mike Carvalho gave their all which led the team to the Division I championship. In the Barnstable game, a must win situation to clinch this title, NBH came from a 2-0 deficit in the first half to take a 3-2 victory!

This title led to tournament play once again! The team was victorious in the preliminary round against Madison Park with a masterful score of 4-0. In the quarter-finals against Natick, NBHS held on to a 2-1 victory. The tide turned in the semi-finals; NBHS went down to a 5-2 defeat at the hands of Bridgewater-Raynham. Despite the loss, the Whalers played with pride.

Hats off to leading scorers Domingos Leal, Peter Tavares and Owen McGonigle. Also to M. Carvalho who showed his talent with two shut-outs and with a record of only 11 goals being scored on him in 16 games!

The Dream That Was Not To Be . . .

In spite of some strong play, the 1986-1987 Varsity Field Hockey Team was not as successful as predicted. The team played well and with intensity against the powerhouses of Stang, Dartmouth and D-Y, but still came up short of victories.

This year's team was led by captains Karen Almeida and Antoinette Gomes. Playing the position of center forward was senior Jen Jacintho. Playing left and right respectively were Janet Viera and Erin McGonigle, who led the attack with some spectacular rushes.

Defensively, the team was comprised of senior halfback Kathy Camacho and juniors Kyra Chomack and Kathy Kelly. In the fullback position were seniors Celina Avelar and Nicole Berthiaume who held the defense together. Playing in the net for her fourth year was senior goalkeeper, Mimi Almeida. As goalkeeper, she averaged nearly eleven saves per game and a "saves" percentage of 81%.

Next year should be another rebuilding season with just a few returning veterans such as Kathy Kelly, Chris Rumney and Tammi Richardson. For the girls leaving, the friendships made will always be remembered in spite of the season's record.

FIELD HOCKEY

Boys Earn Respect in Their First Season

In only their first season the Boys' Volleyball Team turned in a respectable performance. Although they were not as successful as they had hoped, they worked hard in practice and played hard on the court. Their determination earned them the respect of their opponents throughout the season. Saddled with inexperience as a combined team and forced to travel hundreds of miles to meet opponents, the team lost many games; however, the one thing they never lost was their spirit and pride, which are the ingredients for the success of any team, especially in the growing stages.

When things got rough for the Whalers, their spirits were picked up by senior co-captains Dana Przybyszewski and Scott DeRossi. Other major contributors to the team were seniors Andy Conde, Mark Raposa, Jeff Roncka, Rich Popovic, Mike Boulanger, Jeff Brenneke, Russ Marques and Ray Guadalupe. In tournament play the team fared well as they placed fifth and third among the 18 teams who played. The team will continue to improve in the years to come, but the Class of '87 can be proud of the fine groundwork it established.

BOYS VOLLEYBALL

A Touch of Success At Last!

Coach Neil Macedo finally has something to brag about! This year's team had success written all over it, in spite of an up and down beginning. The team lost their first game to D-Y, but with senior co-captains, Nicole DesLauriers and Lisa Berard, they bounced back to beat Dartmouth in their second game.

The tournament bound team also had seniors Donna Brown, Sue Rasmussen and Kim Belliveau along with a talented group of underclassmen, including Wendy DuBois, Sandy Barbosa, Tracey Conceicao, Shaynne Gomes, Vicki Vaagbay, Tammy Silveira, Donna Poyant and Cheryl Costa.

It was the first year Coach Macedo's girls made it to post season play since the league began in the early 1970's. A special highlight of the season was a must win over Bishop Stang. The girls pulled together to beat Stang in straight sets of 15-12 and 15-11. With the setting of Lisa Berard and Nicky DesLauriers, spiking was made easy for Sue Rasmussen and Tracey Conceicao.

In tournament play the girls lost to Fontbonne Academy, dropping the first, second and fourth games, but winning the third, 15-11. With the taste of post-season play still fresh in him mind, Coach Macedo has great expectations for next year's team!

Running for a Successful Season

The Girls' Cross Country Team finished the dual meet season in second place with their only loss coming from D-Y. The team was led by senior Cristina Pinhancos (5th fastest time at Buttonwood), juniors co-captain Hillary Rocha (school record holder at Buttonwood) co-capt. Sue Watkins (2nd. fastest time at Buttonwood), April Beaulieu (4th fastest time at Buttonwood), Peggy Silvia and freshman standout Denisha Delgado.

On November 8, the girls captured the State Division I Championship, thus becoming the first girls' team in NBHS history to capture a class or state title. As a result, the team qualified for the State Finals in Gardner, Ma. The girls finished 8th out of 24 teams participating in the state finals. During the past three years, only State Champion Notre Dame and NBHS have finished in the top ten for three consecutive years.

Their counterparts finished the dual meet season in third place. The only two losses came from Falmouth and Bishop Feehan, both of whom qualified for the state finals. The boys' team was led by seniors Jim Caron, co-capt. Sean Finnerty, juniors co-capt. Pete Taveira (10th fastest time at Buttonwood), Mark Cheney, Angel Martin, Darryn Sneller, sophomores Sean Bourgeois, Mike Pires and freshman sensation Jose Correia (7th fastest time at Buttonwood).

GIRLS SWIM 8-1

Swimmers Make Biggest Splash Ever!

The Girls' Team started off their season with a splash, winning their first two meets of the season and placing second in the Relay Carnival.

This year's captains were seniors Cathy Foster and Kristin Porter. The team was also led by seniors Rosalyn Crompton, Bobbi-Jean Sylvia and Maureen Sullivan.

One particularly difficult meet that the girls will always remember was against Ursuline Academy. In order to win, the team needed a second and third in the last event, the 400 relay. The second relay team came through and the NBHS swimmers won by two points, 87-85!

This year Cathy Foster recorded some outstanding records in the 200m. Individual Medley, 100 Butterfly and the 200 Freestyle. Foster also placed the highest of the NBHS swimmers in the sectionals by placing fourth.

In this year's Conference Championship, the 400 Freestyle Relay Team won, thus moving the entire team to a second place in the meet. The Relay Team then went on to the Massachusetts State Championship to record another relay victory, and also set a school record time!

Next year's team should be a continuation of New Bedford's winning tradition with up-and-coming swimmers, Paula Daigle, Jen Jupin, Joanne Ponte and Brooke Burgess.

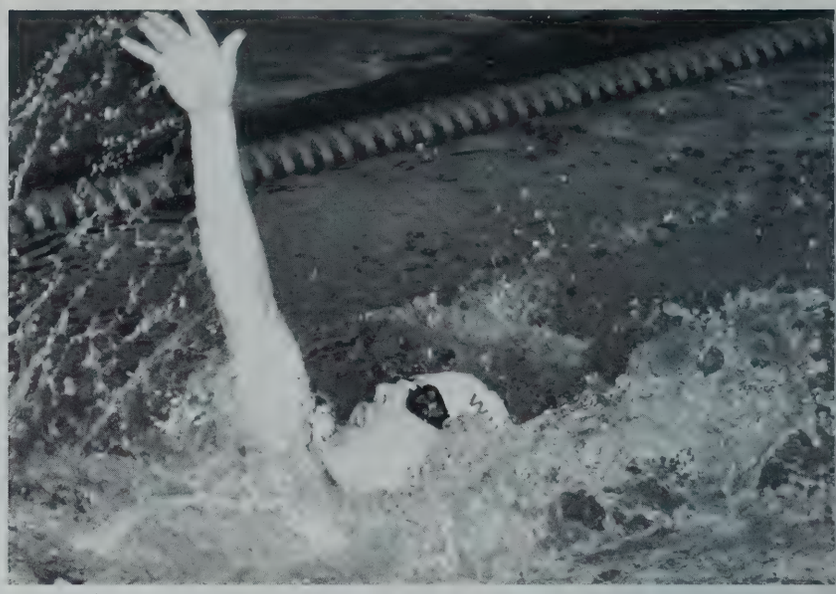
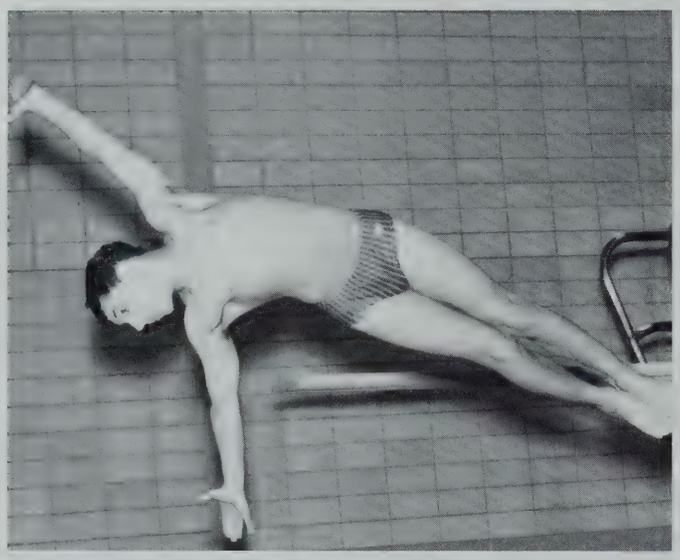
BOYS' SWIM





Whalers Rule the Pool

Again the Whaler Boys' Swim Team dominated in another successful season. With a league record of only one loss and a first place victory in the Relay Carnival, this varsity team maintained top performances throughout their competitive season. Although the Whalers were defeated by Seekonk in a dual meet, they dominated this same rival at the Relay Carnival.

Led by co-captains Tim Curry and Tim Sheehan, the team demonstrated well balanced strength in their depth. All five seniors excelled in their events. Curry swam a powerful backstroke, Sheehan controlled the one-hundred yard butterfly event, Jason Gurney held his own as the best distance free styler, and both Scott Turner and Matt Ryckebusch swam strong breast strokes. Also making strong contributions to the team were Scott Medeiros who broke five school records this season in both the fifty and one-hundred yard freestyle and also in the individual medley, and George Medeiros who scored highest in the league with his diving ability.

With the guidance and instruction of Coach J. Medeiros, along with the serious contributions of the seniors, as well as other team members, the swim team excelled in achieving yet another successful season. At the end of the regular season, the team looked forward to the Conference Meets where they hoped for still more victories!

Front (L-R) Donny Chausse, George Fernandes, Tim Fennessey, Mark Viveiros, Matt J. Gymnastic Team Enjoys Best Season Ever!

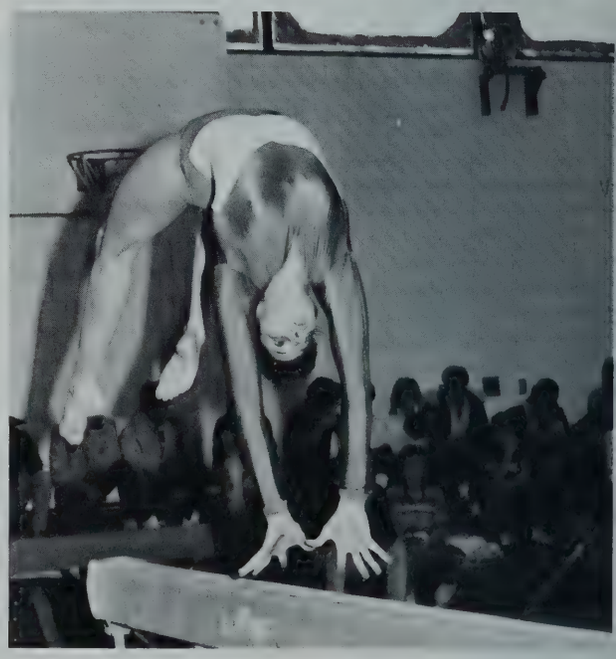
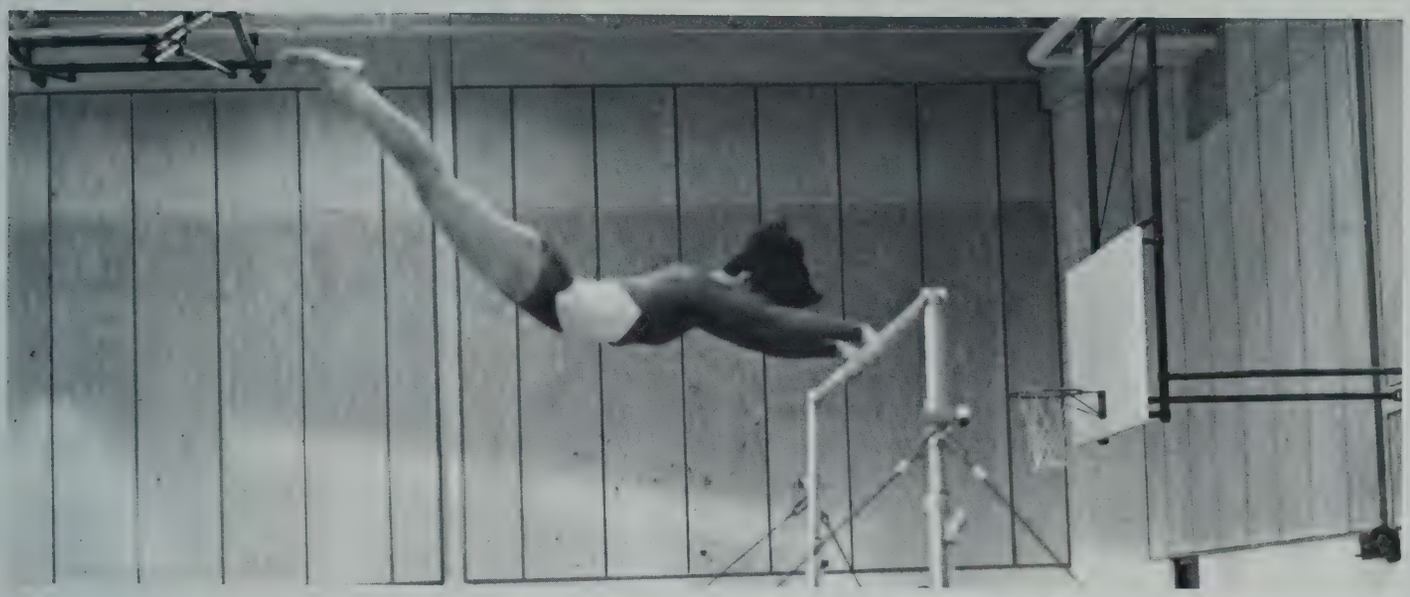
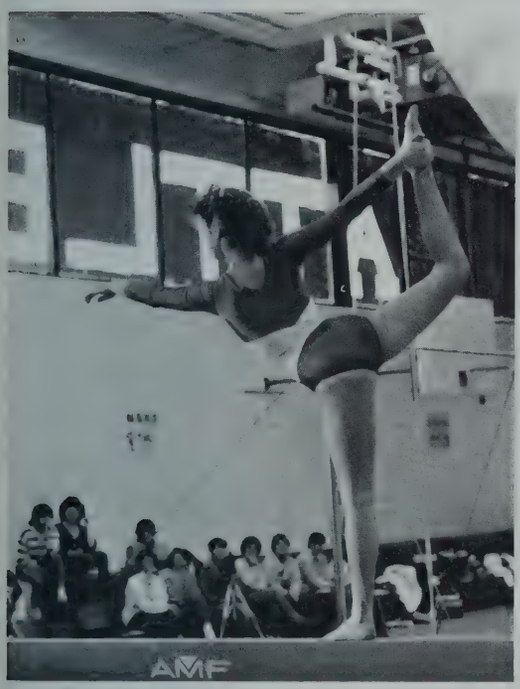
In only their fifth season at N.B.H.S. the Girls' Gymnastics Team turned in a near-perfect season enroute to a share of the SMC league title. For the first time ever the girls defeated the Somerset Blue Raiders, 114 — 107.55. Somerset, who had always been a thorn in New Bedford's side, as well as everyone else's, had previously won 113 consecutive league meets.

This year's team, comprised mostly of underclassmen, had only one senior — Jean Sylvia. Near the end of the season Jean sprained her ankle in practice, and it looked as if her season was over. However, Jean didn't give up and competed in the last meet of the season, turning in a near flawless performance. With this type of encouragement next year's team should be equally as successful with outstanding performances expected from experienced co-captains Sandra Langlois and Lisa Nowell as well as returning sophomore Sue Faria.

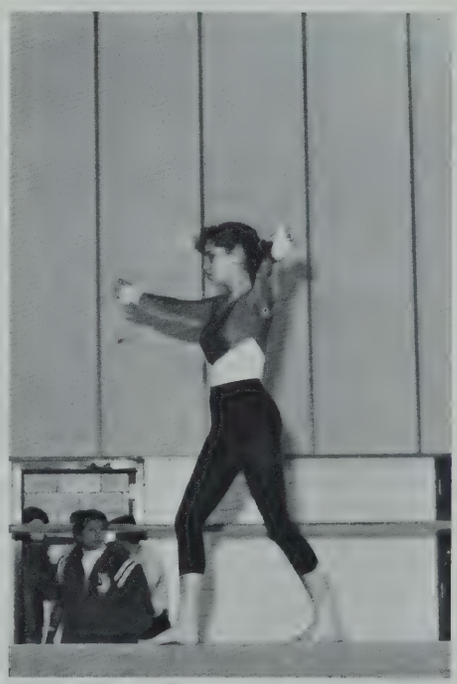


GYMNASTICS





AMF



At the Top Once Again!

With the loss of star player Tres Lewis to graduation, the NBH Boys' Basketball Team was not expected to do well this season. However, with hard work and dedication, the boys have once again risen to the top. With returning players the likes of Johnny Sylvia, Aaron Bedard and Steve Wynn, New Bedford was still highly competitive. Starting off their season on a rampage, NB's first loss didn't occur until their first meeting with arch-rival Durfee. As their season progressed, NB seemed to rout almost every team by 15 points or more, forcing many turnovers with their full-court press.

This year's team was led by senior co-captains Steve Wynn and Aaron Bedard. Rounding out the starting team were senior Tim Williams and sophomore Johnny Sylvia. Jonathan Gomes, Jason Baptiste, Billy Houtman, Ian Baxter and David Rose were frequently substituted in and out of the starting line-up. Highlighting the season for senior Wynn was reaching the 1,000 point plateau. This feat has only been accomplished by two other players in the history of NBHS basketball. Highlighting the season for the team was the dramatic come-from-behind victory over arch-rival Durfee in their second meeting. This win earned them the title of co-champions of the SMC League and a great deal of respect from their fans! As for next year's team, Coach Rodriques will rely on the depth of his bench to carry him once again into post-season tournament play.

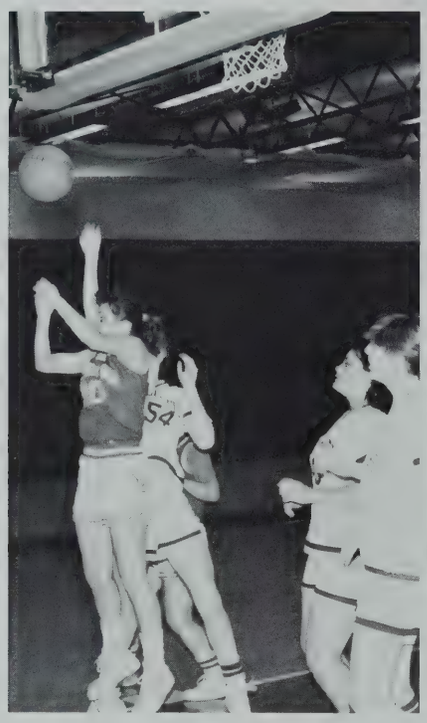
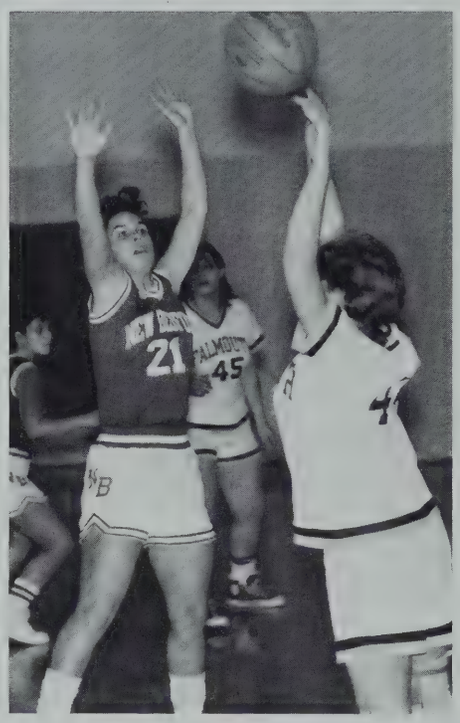
BASKETBALL

BASKETBALL





Hard Work, Desire and Determination Equal Success

With the tallest player standing 5'7", Coach Bonneau depended on speed and tough defense to shape her team's victories. This year's team was led by captain Kathy Kelly, a junior, and consisted of seniors Kathy Camacho and Michelle Almeida; juniors Tracy Conceicao, Shaynne Gomes, Donna Henriques, Gail Rousseau and Bernie Hernandez; sophomore Donna Poyant, and stand-out freshman Cathy Silva.

Each team member excelled in different facets of the game with seniors Camacho and Almeida cementing it all together. Almeida had the ability to post up, shoot the jumper or drive to the hoop; while Camacho, a defense-minded guard, made it difficult for an opponent to dribble the ball up court. Her ability to penetrate and draw the foul was extremely effective.

Come-from-behind victories against Stang and D-Y showed the true heart of this team. In addition, the victory against D-Y qualified NBHS for post-season play, and the end-of-the-season win over Durfee made them conference champions! Due to next year's lack of height, the girls will again have to rely on hard work and hustle, but with a talented group of underclassmen, next year's season looks promising.

Hockey Team Has Up and Down Season

The 1987 NBHS Hockey Team's season was compared to a roller coaster, hitting peaks and valleys. Although they suffered through some bad times during the year the team stuck together and still managed to have a fairly successful season, especially with the memory of a 4-3 win over first-place Bishop Feehan.

Co-captains Rich Popovic and Doug Goguen played hard on the ice and earned the respect of their teammates. Popovic played solid defense while Goguen centered one of the team's best scoring lines. In the goaltending department, the Whalers were strong with Jim Bettencourt between the pipes. When it came to scoring goals, seniors Bill Cabral and Charlie Almeida, as well as junior Jack Indio, were three of the team's best. One senior whose main concern wasn't with scoring was Jim Caron, a player who found himself on the ice against an opponent's best scoring line time and again.

Everyone had a job to do, and when everything clicked for them, the NBHS Whaler Hockey Team was a tough team to beat!

Whalers Struggle for Success

Although in general a disappointing season was recorded, the boys' team rebounded at the end of the season to finish third in the Voc-Tech Invitational which hosted more than thirteen schools. They also placed 2nd in the Southeastern Massachusetts Conference League Meet, outdueling local rivals, Bishop Stang and Dartmouth. The three close losses in the regular season came from Attleboro, Falmouth and Bishop Stang.

The boys were led by senior co-captain Dusty Cormier who went undefeated in the dual meet season while posting victories in the Voc-Tech Invitational, the Class A Meet and in the SMC League Meet. Also, seniors who contributed heavily to the team were co-captain Jason Hill, Scott Sylvia and D.J. Przybyszewski.

Their counterparts finished the season with an identical 4-3 record. The girls showed improvement all season and peaked in time to place 2nd. in the Voc-Tech Invitational and capture the SMC League Meet. They were led by senior co-captains Kim Belliveau and Karen Clark. Other seniors included Sue Rasmussen, Nicki Deslauriers and Cristina Pinhancos. Belliveau holds the school record in the shotput along with Nicki Deslauriers who holds the 50 yard hurdles record. In the Class A Relays Meet, the shotput team of Belliveau, Rasmussen, and Tracy Harrison accumulated the furtherest distance combined score for the entire state! Belliveau, Deslauriers and Sue Watkins, an outstanding junior, will attempt to excel in both the Class and State Meets to follow the regular season.

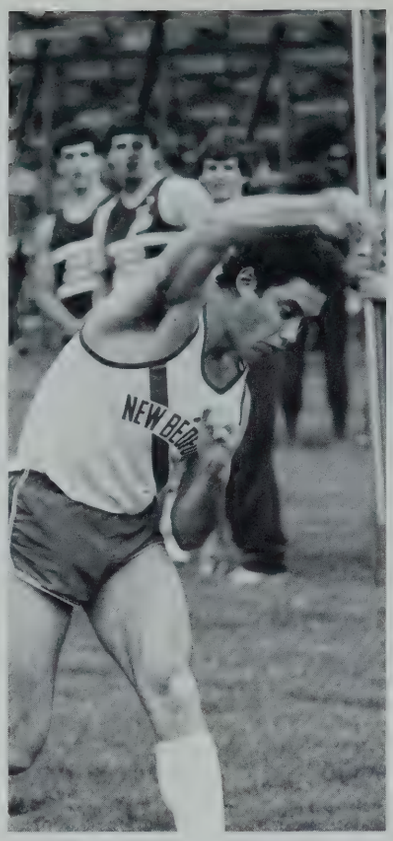
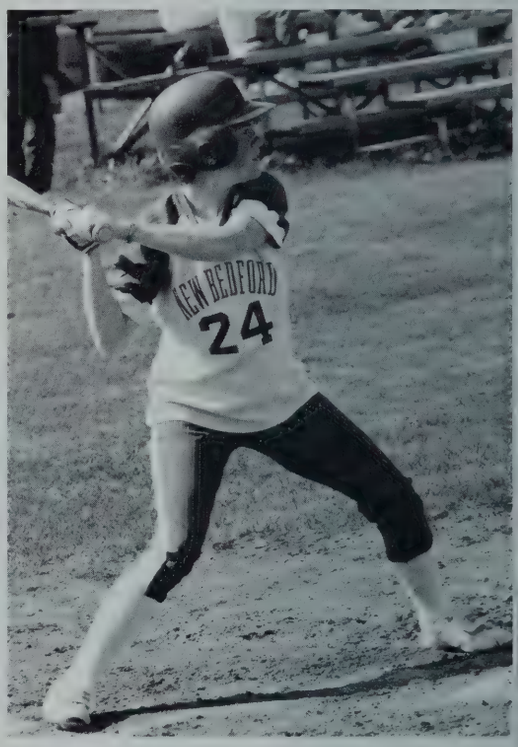
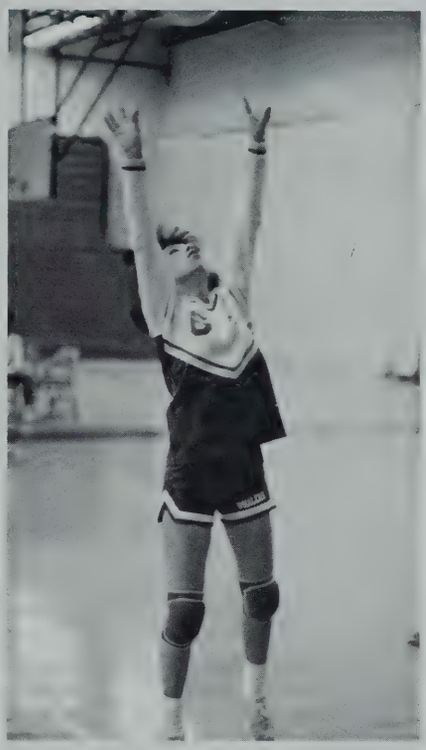
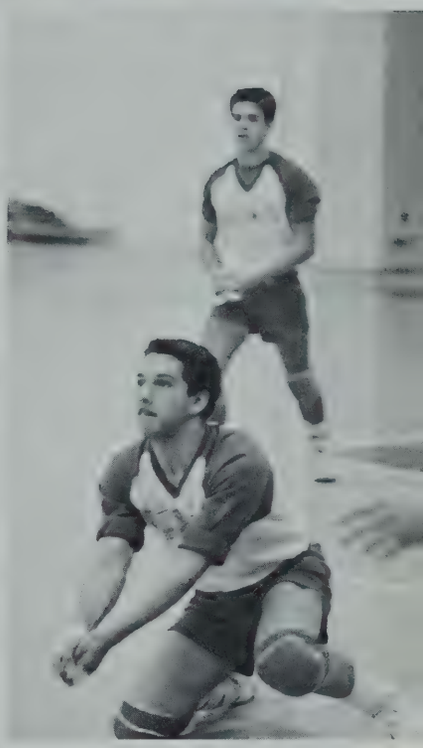
WINTER TRACK



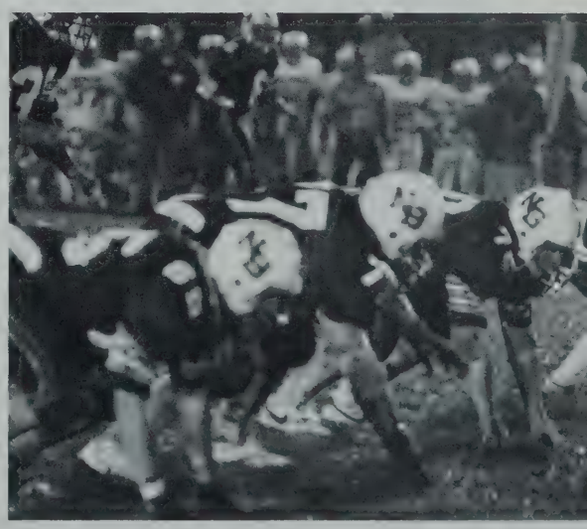
The spring sports season saw many of the present seniors in important roles as then juniors on winning teams. Vanessa, Cris, Luis and Steve supported Coach Gardner's track team; Jodie and Erin played softball while Scott and Bob played baseball; finally, Jen, Kathy and Jeff excelled for NBHS tennis teams.

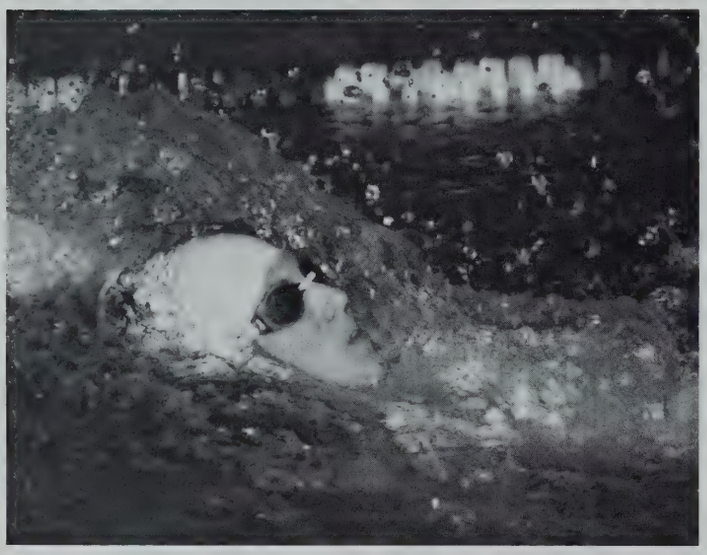


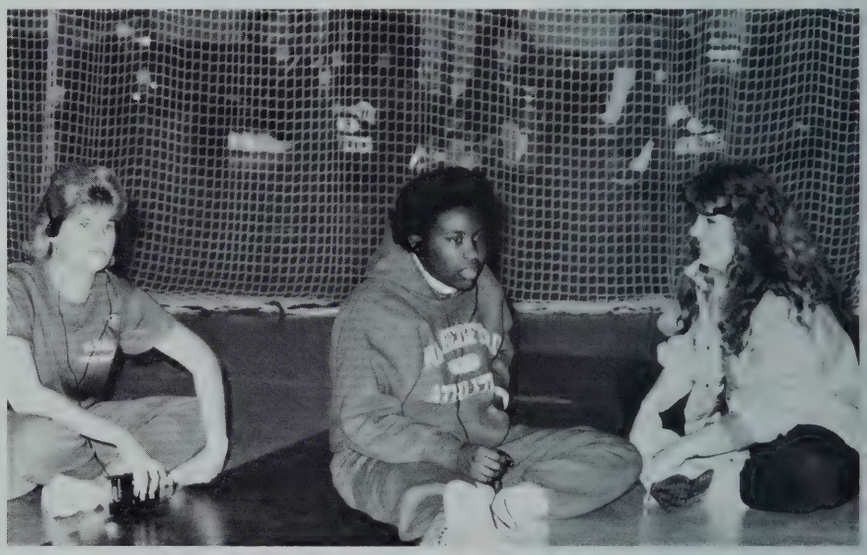




The fall season sped by while watching the successes of the various teams. Ana and Eva respond with glee to the new girls' soccer team while Russ plays with determination on the newly formed boys' volleyball team.







Can the sports' season be coming to an end so soon? These seniors playing their last games for their various teams felt the days closing in on them. At least they could look forward to facing the spring season as SENIORS!

IN MEMORY

Julia "Sheila" Mahoney joined the New Bedford High School family as a guidance counselor in 1961, and it was with a high sense of professionalism and deep concern for her students that she pursued her career. As a result, her knowledge and caring earned her, not only the respect, but also the affection of students and colleagues alike. Her wonderful sense of humor, seen especially during Spirit Week, her love of family and people, and her deep religious faith served well to form the underlying principles which guided her personal life and her school life. We shall miss her greatly and think of her with fondness whenever we read the words of her favorite Irish blessing.

May the wind be always at your back,
May the sun shine warm upon your face,

MR. A. ALVES and MS. D. DEAN:

Class Advisors Sharing the Work and Fun

Our senior class advisors Ms. Dorothy Dean and Mr. Al Alves make Ms. Bizarro's job a little easier when it comes to dealing with the seniors. One of their functions is to work to prepare the senior float for the Thanksgiving Day parade. They are guests at the Junior and Senior Banquets where they also help with the entertainment section. They attend Senior Steering Committee meetings and offer helpful suggestions. Most importantly, throughout the year they help the seniors with personal as well as academic problems.

Ms. Dean and Mr. Alves will probable never forget engineering the project "to stuff" the whale mascot from their winning float into Mr. Calnan's office!

When it comes to attending senior functions, both advisors enjoy being there and are happy to be honored guests and enjoy the festivities. While at these functions they have noticed how unified the class of 1987 is and also how much the students have grown from frightened freshman into mature young adults.

GREEN HOUSE:

"The Tradition of Excellence Continues"

In praising the Green House Mr. Saltzman described the staff and students as being outstanding. Individually they all possess a great amount of school spirit. The tradition of excellence started long ago, but the students of the Green House accepted the challenge to keep up the tradition and make it better — which they did.

When asked to describe the seniors, Mr. Saltzman said they were great, greater and the greatest, as is the staff! They're proud and put a great deal of caring into everything they do. They compete in friendly competition with other houses which helps them to believe they are the best.

"The Mean Green Machine is the best!"

Enthusiasm of students, dedication and hard work of the faculty and staff are the reasons Mr. Longo feels that the Gold House is the best. The office philosophy of fair discipline and the basis of caring allows the students to have a sense of belonging. The staff is dedicated and supportive while the students are proud (proven by being #1 for 42 months in a row in attendance). Both the staff and students are unique.

Everyone has a strong sense of enthusiasm and school spirit. The seniors are enthusiastic, caring and personable.

TAN HOUSE:

"The Home of School Spirit"

The Tan House overflows with school spirit. Many clubs and organizations in the school have their roots there and most of the teachers are deeply involved in the school's social life.

As housemaster of Tan House, Mr. Souza feels that helping the students to be successful in all phases of school life is a main priority.The faculty's strong desire to help the students and to cooperate with each other creates a good academic atmosphere. It could be said that the Tan House is the center of social interest at NBHS.

"Tan House students are enthusiastic, hard working, and loaded with school spirit."

BLUE HOUSE:
"A Home Away from Home"

The Blue House is the only house to be supervised by a woman, Mrs. Harper. The best part of the Blue House is the pride of the students and faculty. Blue House is loved by everyone in it.

Helping the troubled student to understand the importance of acquiring an education is one of the top priorities of the Blue House faculty. Mrs. Harper also feels that Blue House students are concerned, conscientious, and delightful.

"The students and teachers make the Blue House number one."

ROGER,

Your every success has made me proud, the joys you have given me have always been a big moment for me. I've enjoyed watching you grow into a fine young man. You always kept your values, ideals & your dreams though sometimes it was hard for you not to follow the "crowd."

TODAY is the beginning of a future that holds only the best for you. I've been there and will always be there for you to talk with, BECAUSE no matter how grown-up you get you'll always be MY BOY MY SON whom I love the best with all my heart.
